

NEW: The Lindemans Variety Pack!

Tacoma, WA; Jan. 4, 2021: Importer **Merchant du Vin** and **Lindemans Brewery** - brewers of the best-selling Belgian lambic ales in the US - are proud to announce the **Lindemans Variety Pack**.

The new **Lindemans Lambic Variety Pack** has one **Framboise** (raspberry), one **Pêche** (peach), one **Kriek** (cherry) and one **Apple** (or *Pomme*) in perfect 8.45 oz. bottles, sold in basket-style four-packs. As US retailers order Lindemans Variety Packs in the days ahead, each will show up on our [beer search page](#).

Over the past 40 years, family-owned Lindemans Brewery first defined the fruit beer category, then built it. Lindemans lambics' layered, tart, and sharp flavors from wild-yeast fermentation gain perfect balance from sweet, aromatic fruit. A first sip of Lindemans usually makes a fan for life: grab a Lindemans Variety Pack and see for yourself!

Established in 1822, still owned by the founding family, Lindemans has earned a global reputation for quality and flavor.

The planet's ten lambic breweries are all located in Belgium's Senne River Valley, a region only about 15 by 75 miles in size, near Brussels.

Eye-catching basket holder.

Merchant du Vin imports Samuel Smith's from England; Traquair House from Scotland; Ayinger and Certified Organic Pinkus beers from Germany. Our Belgian beers include Lindemans lambics, Green's gluten-free, Du Bocq and Trappist beers Orval, Rochefort, & Westmalle; and the Netherlands' Zundert Trappist.
